SCHOOL TECH WORD SEARCH

A program for youngsters must be simple and yet exciting to them, maintaining their interest and stimulating them to explore new concepts and master old ones.

SCHOOL TECH WORD SEARCH is just such a program. It presents the user with a variety of gramatical structures and problems, and gives them an opportunity to learn, by trial and error, the basic precepts of vocabulary, while furthering an awarness and ease with the computer.

School Tech Word Search—a responsible educational system developed as an aid to in-class teaching, and at-home learning.
